

Personal Protective Equipment Answer Sheet

Q1 When using PPE you should ensure that it:

Need all 3 answers

- Is the correct colour
- Is in good repair
- It does not affect an existing health problem
- You are still able to carry out your work comfortably
- It is new

Q2 What should you do if you either do not have the necessary PPE or you have questions on how to use it?

- Stop that task and move on to another one
- Ask your supervisor then carry on with the task till the correct PPE is available or you have been trained how to use it
- Carry on the task but ask your supervisor at the end of the day
- Stop doing the task and ask your supervisor

Q3 If you have not started a task and asked you supervisor about the PPE being to small you can then start the task wearing the PPE that is too small till the correct size arrives.

- True
- False
